PROFILE

Flying is the thing I'd be doing whether or not anyone paid me for it, and teaching it is the best job I've ever had. There's nothing like watching a student figure something out for good — the landing that finally clicks, nailing an instrument approach. I love getting to be part of that every day, and I'm looking forward to joining a great program that helps me grow as a pilot, instructor, and person. After recently earning my MEI, I look forward to being able to train students through the entirety of their training and making an impact on their careers.

PROFESSIONAL EXPERIENCE

FLIGHT STARS

CERTIFIED FLIGHT INSTRUCTOR
MESA, AZ | JUNE 2026 – PRESENT

- Instruct private and instrument students in G1000-equipped aircraft — maneuvers, landings, radio work, and cross-country planning
- Run pre- and post-flight ground for every lesson and prepare students for stage checks and practical tests
- Operate daily in Phoenix Class B/C/D airspace and summer density altitude, teaching students to plan around performance limits and afternoon convection

SALES REPRESENTATIVE
MESA, AZ | FEB 2026 – AUGUST 2026

- Sell flight training programs to prospective students — structure, cost, and timeline
- Six months inside flight school operations: scheduling, student onboarding, and lead-to-enrollment process

LICENSED REAL ESTATE AGENT
